Childs reported he has opened preliminary discussions with the House Appropriations Committee staff on space and the new building. Childs said the staff was neutral but wanted more information on both subjects. Childs said we are running a risk because the House Appropriations Committee has not yet marked up, and we will have to show a savings before markup. DDCI noted he is more concerned with space for new EODs, rather than in the moving of SOVA/DDI back to Headquarters; he added that if it meant that 4 to 6 million dollars could be saved by having SOVA stay [] then so be it. DDCI asked Briggs to get the numbers together, look at the situation, and report back to him. []

Glerum said the Agency was less than [] under year-end ceiling. In response to Fitzwater's question, Glerum said we would have to go to OMB for additional FTE allowances.

Stein reported that for the past year more case officers came on board than left. []

Briggs noted testimony offered by former Attorney General Clark, at the IRA Gun Runners Trial, that CIA routinely lied to the Justice Department while he was Attorney General. []

Briggs initiated a discussion on the briefcase search and the procedures followed by the Office of Security on following up breaches of security. []

Briggs noted the DCI memorandum on AMPARTS; Sporkin said that OGC would have a response to the DCI's questions today. []

Briggs initiated a discussion about the Cuban Policy Review session which has been called by the President. The Executive Director noted the 4 November meeting the DCI will have with the NIO/LA and the C/LA/DDO to discuss Cuba. Briggs discussed the internal discussions on Radio Marti which will be part of the Policy Review. Briggs noted that he would like to meet with Agency principals involved in this today to discuss preparation of the paper for the DCI, giving CIA's views on Cuban reaction to the establishment of Radio Marti.
